**REMARKS**

By this response to the Restriction Requirement of August 3, 2005, no claims are amended, canceled or added. Claims 27-68 are pending in this application.

**Election/Restriction Response**

In response to the Restriction Requirement mailed August 3, 2005, Applicants elect, without traverse, Species I which includes claims 27-45. It should be noted that in the restriction requirement dated August 3, 2005, the various groups of species did not include claims 27-32. The claims pending in the application included claims 27-68. It seemed to Applicant that the claims 27-32 should have been grouped along with claims 32-45. In an attempt to clarify the grouping of the missing claims, a phone call was made to Examiner Tim Phan after business hours on September 6, 2005 to discuss the missing claims. Applicant's attorney left a voice mail message to get this clarified, but received no answer. Applicant's attorney has made the election to Species I which includes claims 27-45. If Species I does not include claims 27-32, Applicant requests that the Examiner resend the restriction requirement with a listing of all the claims pending.

According to the Examiner, at least claim 27 is generic to the pending claims in the other groups II- IV. Therefore, upon allowance of a generic claim, Applicant is entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. Applicant also reserves all right to pursue disclosed subject matter at a later time.
